

# Financing environment and forestry programmes With a focus on GEF and GCF

Beau Damen

# Presented Topics

**Multi-lateral  
climate finance**

**Global  
Environment  
Facility**

**Green Climate  
Fund**

- MCF is governed by Multi-lateral Environmental Agreements (MEA)
- Scope of MEAs (Biodiversity, Land, Seas, Chemicals and hazardous waste and Atmosphere)

# Presented Topics

**Multi-lateral  
climate finance  
Global  
Environment  
Facility**

**Global  
Environment  
Facility**

**Green Climate  
Fund**

**Since 1991**, provided grants for **4,000** projects in over **165** countries

**Currently 8 Focal Areas:**

Biodiversity, Climate Change Mitigation (CCM), Land Degradation, International Waters, Chemicals and Waste, CC Adaptation (SCCF/LDCF), REDD+ / Sustainable Forest Management Incentive Mechanism, Capacity Building Initiative for Transparency (CBIT)

**Key Messages: Now GEF is more focusing on integrated approach**

Environment  
Facility

Green Climate  
Fund

**Objective:** Investing into low-emission and climate-resilient development

**Mode of investment:** Direct & International access

**Impact Area:** Climate Mitigation & Adaptation Strategy Impact as well as Cross cutting

**GCF Investment Criteria:** 6 investment criteria and 58 indicators

**Key Messages:** Big budget (\$10 billion), Huge consultation required and slow process

*Forestry makes up a very small proportion (~7%) of the pipeline at present*

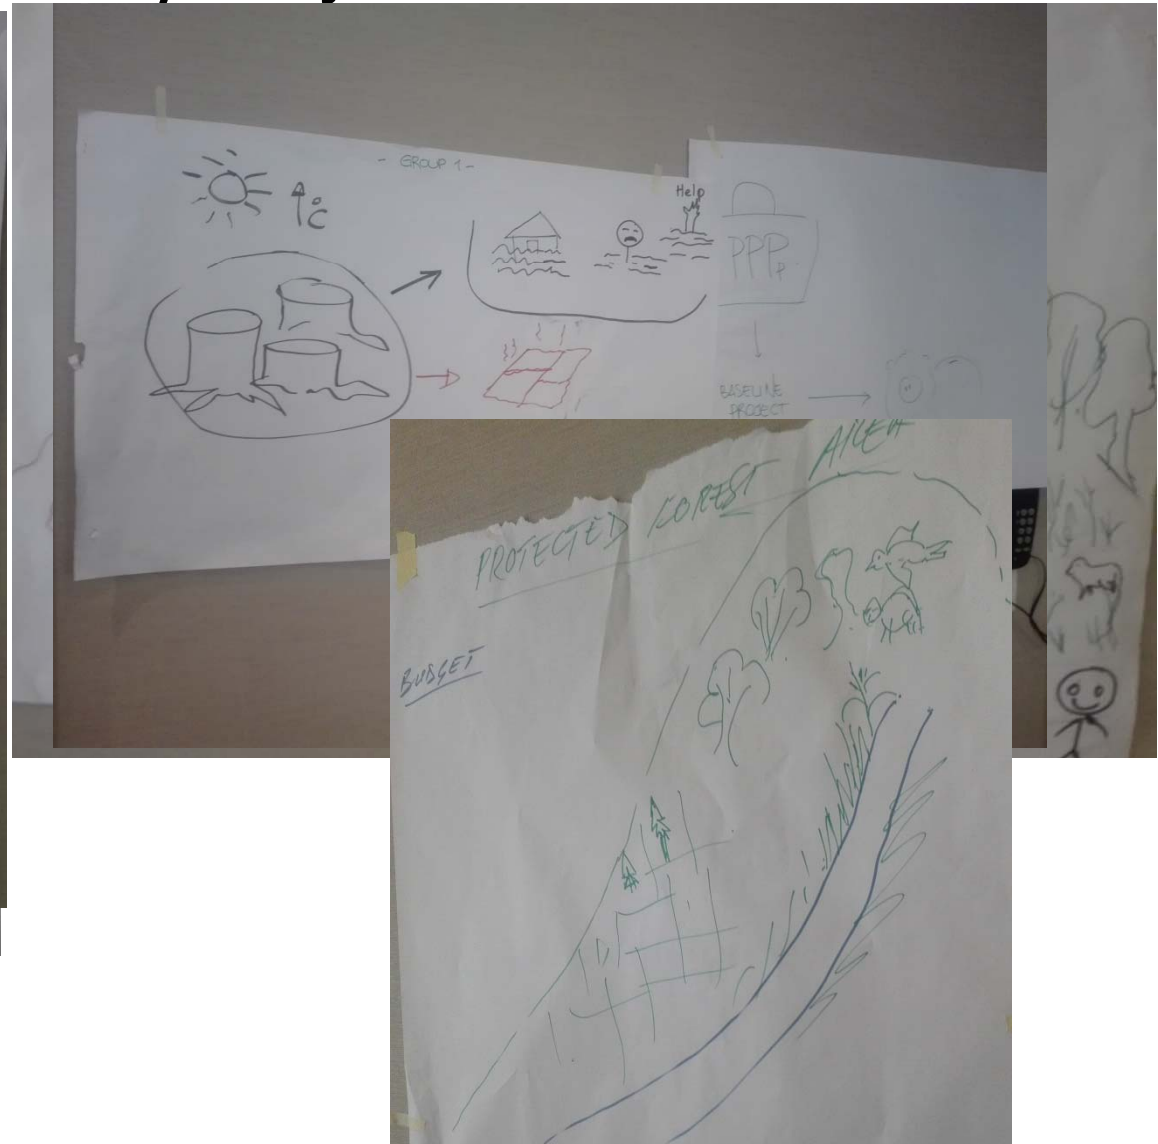

# Group Works

## Formulation of Forestry Project for GCF

PROBLEM: CHANGE IN WEATHER PATTERN (DROUGHT) IN FORESTS.

Sol<sup>n</sup>: PROMOTE CHANGE CLIMATE RESILIENCE TREE SPECIES & VAR.

\$3m

**Thank you**
