

APPENDIX 1. Photos of the Workshop Participants and speakers

Picture 1. Group photo of the Workshop organizers, speakers and participants

Picture 2. Welcome address: Dr. Joo Han Sung (National Institute of Forest Sciences, Republic of Korea)

Picture 3. Congratulatory Remark: Sim Heok Choh, Asia Pacific Association of Forest Research Institutions, Malaysia

Picture 4. Congratulatory Remark: Maxat Elemesov, State Committee on Forestry and Wildlife, Republic of Kazakhstan

Picture 5. Opening Remark: Aliksandr Kurdzeka, Kazakh National Agrarian University, Republic of Kazakhstan

Picture 6. Introduction to 2019 Workshop (Batkhuu Nyam-Osor) The Role of International Cooperation in Science, Technology and Capacity Building for Restoration of Drylands

Picture 7. Presentation by Republic of Korea (Dr. Joo Han, Sung) The Evaluation of Forest Ecosystem Service Through Forest rehabilitation in Republic of Korea

Picture 8. Presentation by China (Bulkhair Mambetov) Results of works on afforestation in the Drained Bed of the Aral sea in Kazakhstan

Picture 9. Presentation by Uzbekistan (Butkov Evgeniy) State of Forests and Forest Resources of Republic of Uzbekistan

Picture 10. Presentation by Kazakhstan (Kalachev Andrey) Perspective directions of use of forest resources in the conditions of Rudny Altai and their economic assessment

Picture 11. Presentation by Tajikistan (Shamuradova Svetlana) The State Pistachio forests and Measurements taken for Improvement in Republic of Tajikistan

Picture 12. Presentation by Kyrgyzstan (Razhappaev Muslim) State of Forests and Forest Resources of the Kyrgyz Republic

Picture 13. Presentation by Mongolia (Sukhbaatar Gerelbaatar) Climate Factors Effecting the Survival and Growth of planted trees in the northern Mongolia

Picture 14. Presentation by Korea (Dong-Ho, Lee) International support for implementation of REDD+ in developing countries and implications

Picture 15. Presentation by Uzbekistan (Mamutov Bakhran) Influence of methods on the growth and development of root systems of forest crops created by seeding material with closed root system in the Western Chatkal ridge

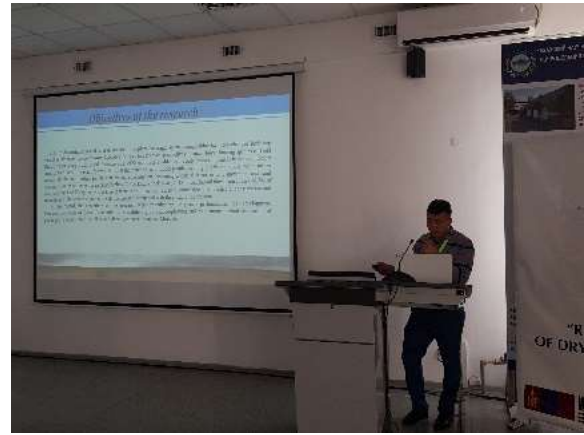

Picture 16. Presentation by Tajikistan (Safarov Rahmoil) Forest restoration and sustainable management in Tajikistan

Picture 17. Presentation by Mongolia (Dulamsuren Narantugs) The effects of irrigation on the seedlings growth and biomass accumulation in Saxaul (*Haloxylon ammodendron* C.A.Mey) Bunge.

Picture 18. Presentation by Kyrgyzstan (Rysbaeva Alymbubu) Introduction of International Financial Reporting Standards for Sustainable Forest Management of Kyrgyzstan

Picture 19. Presentation by Mongolia (Khaidar Auelbek) Saxaul restoration activities in Southern Gobi Desert of Mongolia and their growth performances

Picture 20. Presentation by Republic of Korea (Ho Sang, Kang) International Cooperation on Ecosystem Restoration and International Drylands Greening Network

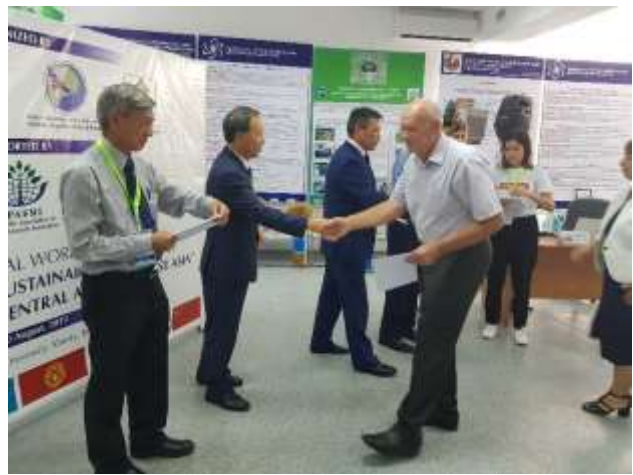

Picture 21. Closing remarks given by Mr. Maxat Elemesov, State Committee on Forestry and Wildlife, Republic of Kazakhstan

Picture 22. Closing remarks given by Dr. Joo Han Sung, National Institute of Forest Sciences, Republic of Korea

Picture 23. Delivery of Certificate of Participation to all participants

Picture 24. Participants during the Workshop

Picture 25. Field trip to Charyn State National Natural Park and Relict Ash groves (*Fraxinus Sogdiana* Bunge.) and active discussion on dryland vegetation and restoration were taken in place throughout field session
