Registration deadline: 22 March 2023

This is an online training course organized by Asia Pacific Association of Forestry Research Institutions (APAFRI). The course provides useful tips and pointers for preparing scientific manuscripts intended for journal. Lectures with actual examples and exercises are carefully designed for easy comprehension. This course is suitable for both young and experienced scientists to enhance their technical writing skills.

Date	Time (GMT +8)	Topic
5 April 2023	1400 – 1600	- Introduction to writing scientific manuscripts - Title & Abstract
12 April 2023	1400 – 1600	- Introduction - Methodology
19 April 2022	1400 – 1600	- Results & Discussion - Conclusion & References

About the Instructor:

Dr. Goplasamy Reuben Clements is a conservation scientist by training and currently the co-founder of Nature-based Solutions Sdn Bhd. Formerly a Professor and Associate Dean at Sunway University, he received his PhD in conservation science from James Cook University and obtained his MSc and BSc in biology from the National University of Singapore. Reuben's research focuses on forest and biodiversity conservation and has published over 100 articles that include Nature, and his work has been featured in the BBC, New York Times and National Geographic.
