

# ACTIVITY

Each group will be assigned an international convention or market mechanism

(ITTO, CITES, Kyoto Protocol, FSC Certification, CBD)

- 1) Using your knowledge and the internet: Identify the main goals of the convention or market mechanism relating to forests
- 2) Using your knowledge and the internet: Explain the overall structure / membership / voting, etc.
- 3) Decide the pros and cons of joining the specific convention or policy
- 4) Organize yourself into four/five roles (i.e. NGO, government member, industry, minister, etc.)
- 5) Role play the arguments for or against the convention, ensuring that you also communicate clearly during role play #1, #2, and #3.
